Amber tops beauty list

by JOE KASPER

JOHNNY Depp's estranged wife Amber Heard has the most beautiful face in the world.

The stunning actress, 30, was found to be the closest to perfection by experts using state-of-the-art facial mapping.

Her eyes, eyebrows, nose, lips, chin, jaw and facial shape were measured and 12 key marker points analysed.

And her features reached 91.85% of the Greek Golden Ratio of Beauty, an ancient formula which identifies physical perfection.

Reality star Kim Kardashian, 35, came second with model Kate Moss, 42, third.

Harley Street cosmetic surgeon Dr Julian De Silva, who carried out the study, said: "The results showed several actresses and models have facial features close to physical perfection."
